Certifications Safe Haven Intermediate Advanced Other _____

Coach's Player Name _____ **Player's Date of Birth** _____ / _____ / _____

Saturday and Sunday availability is a requirement during the Spring season. The season begins in mid February and lasts through early May, but could extend through June if teams go to tournaments. If you expect you will have conflicts with this policy, it is best to take that into consideration when making the decision to submit the application. Some games require travel outside of Rancho Santa Margarita and possibly outside of Orange County.

I understand this policy and agree to be available for both Saturdays and Sundays, February through June, including travel as needed. I also understand that not honoring this commitment may impact acceptance in this or future Spring seasons. I understand that the Spring season is fully supported by volunteers, that each family on a team was accepted into the Spring program based on a volunteer commitment and I am responsible for finalizing that commitment and turning in the volunteer form. I agree to recruit and provide a minimum of (1) field volunteer, (3) referees, and (6-8) half-day volunteers for the Fall registration events.

I understand that Select Teams (competitive) may also attend tournaments before and after the regular season, and all fees are completely funded by the team, not the region. I agree to follow the region policies as posted on the website for applying for tournaments.

I understand that Rec Teams (non-competitive) are offered one tournament, the Area 11-L Rextravaganza, and that travel outside of Orange County may be required for this tournament. As this is the only tournament for Rec teams, I agree to notify my team of this event and make every effort to participate.

Coach's Signature _____ **Date** _____

Follow these important instructions when filling out this form:

Only Coaches who were head coaches in Region 630 in U7/8 – U19 during our previous Fall season are eligible to head coach in the Spring season. If you were an assistant coach in the previous Fall season, you may not apply to head coach during the Spring.

Coaches may only apply to coach a Spring team in the same division they head coached in the previous Fall season.

All Coach Interest Forms must be submitted on time. Contact the Post Season Coordinator for questions.

Forms turned in late may not be considered. Mail forms to the region to the attention of the Post Season Coordinator.

Once received, the coaches will be voted on by the Region 630 Board of Directors. Coaches will be notified in early January and the draft meetings will take place the second week of January. Coaches must begin notifying players immediately. Practice begins in early February and games are the first week of March through the end of May.
